

Ideas for Party/Class/Activity for the Fundraiser Gala

Every year, Madera families donate their time or skills as an auction item to be bid upon. Typically, gala goers sign up for a spot and pay a fixed price. For example, if a parent or multiple parents decide to host a margarita party, they would decide the maximum number of guests, the date and location, and the price per “ticket”. All proceeds from the “ticket” sales would then go to Madera.

Here are some party/class/activity ideas:

- Do you have a skill or talent to share? Photography? Knitting? Woodworking? Do you know more than most about Google Apps or building web pages? People really do love to learn so share your abilities for a few hours by offering a class!
- Some form of child entertainment is always valuable! Organize a game of kickball or an afternoon of kite flying. Or host a movie night for kids so parents can have a date night.
- Opera-goer? 49-ers fan? If you have season tickets or a membership somewhere, consider donating your seats for an event.
- Everyone loves a party! Organize and finance a social event. You’ll be raising money for our kids while getting to know other Madera families.
